

Choosing Children Genes Disability And Design Uehiro Series In Practical Ethics

Choosing Children Genes Disability And

Jonathan Glover is Professor of Ethics at King's College, University of London, and the Director of the Center for Medical Law and Ethics. He is the author of *Causing Death and Saving Lives: The Moral Problems of Abortion, Infanticide, Suicide, Euthanasia, Capital Punishment, War, and Other Life-or-Death Choices and Humanity: A Moral History of the Twentieth Century*, among other books.

Choosing Children: Genes, Disability, And Design (Uehiro ...

Progress in genetic and reproductive technology now offers us the possibility of choosing what kinds of children we do and don't have. Should we welcome this power, or should we fear its implications? There is no ethical question more urgent than this: we may be at a turning-point in the history of humanity. This book shows us how we might try to answer this question, and examines other ...
