

Dwight D Eisenhower

Public Papers of the Presidents of the United States

In seven informative chapters, the author examines the life and legacy of our nation's thirty-fourth president, who was the chief commander of D-Day and, during whose administration, had the first civil rights law in eighty years enacted.

In narrative form, describes the childhood of the war hero and former president of the United States.

An American icon and hero faces a nation--and a world--in transition A bona-fide American hero at the close of World War II, General Dwight D. Eisenhower rode an enormous wave of popularity into the Oval Office seven years later. Though we may view the Eisenhower years through a hazy lens of 1950s nostalgia, historians consider his presidency one of the least successful. At home there was civil rights unrest, McCarthyism, and a deteriorating economy; internationally, the Cold War was deepening. But despite his tendency toward "brinkmanship," Ike would later be revered for "keeping the peace." Still, his actions and policies at the onset of his career, covered by Tom Wicker, would haunt Americans of future generations.

Our 34th President

The American Presidents Series: The 34th President, 1953-1961

Dwight D Eisenhower Facts

A Memoir of Life with Dwight D. Eisenhower, 1961-1969

A classic of World War II literature, an incredibly revealing work that provides a near comprehensive account of the war and brings to life the legendary general and eventual president of the United States. Five-star General Dwight D. Eisenhower was arguably the single most important military figure of World War II. *Crusade in Europe* tells the complete story of the war as he planned and executed it. Through Eisenhower's eyes the enormous scope and drama of the war--strategy, battles, moments of great decision--become fully illuminated in all their fateful glory. Penned before his Presidency, this account is deeply human and helped propel him to the highest office. His personal record of the tense first hours after he had issued the order to attack leaves no doubt of his travails and reveals how this great leader handled the ultimate pressure. For historians, his memoir of this world historic period has become an indispensable record of the war and timeless classic.

Not only the lives of this century's presidents, but also the figures and events that surround them are covered by the works in this series. This particular volume covers the lives and

times of Warren G. Harding and Calvin Coolidge. Thousands of books, articles and dissertations are cited and summarised in each of these detailed, accessible bibliographies. The contents are organised by topic to enable researchers to easily focus on broad or narrow areas of interest. The volumes also contain introductions assessing the presidents' places in history and detailed chronologies of their lives. Each chapter begins with an overview of the relevant literature and points out the key sources in different subject areas. All the volumes are indexed by author and subject.

Quotations from Eisenhower's speeches, remarks, personal comments, etc., on varied subjects and issues of the day.

Summarizes Eisenhower's presidential terms in the mid-1900s, and focuses on his time in office, such as his childhood, family life, and life after the presidency.

The War Years of General Dwight D. Eisenhower

Crusade in Europe

America's 34th President

This first book-length study of Ike's consummate skills as a communicator shows how he used language as a weapon to achieve carefully conceived strategic purposes in the Cold

War. If he seemed befuddled, he knew exactly what he was doing and why, used half-truths, was intentionally ambiguous and indirect, choosing his audiences and times deliberately and tactically. An expert in communication for this period provides an analysis of his speaking, extracts from important speeches, a selected chronology of speeches, and the most comprehensive bibliography of Eisenhower as an orator yet to be published, drawing on extensive primary and secondary material.

This biography introduces readers Dwight D. Eisenhower including his career in the US Army and key events from Eisenhower's administration including the Korean War, the struggle for civil rights, and the forming of NASA. Information about his childhood, family, personal life, and retirement years is included. A timeline, fast facts, and sidebars provide additional information. Aligned to Common Core Standards and correlated to state standards. Big Buddy Books is an imprint of Abdo Publishing, a division of ABDO. A comprehensive and concise history which makes use of recent scholarship

Presents a portrait of the thirty-fourth president by his grandson which draws on personal stories and writings to chronicle Eisenhower's final years during the author's own coming-of-age, describing various aspects of the president's character.

Strategic Communicator

A Great American Hero

Dwight D. Eisenhower consistently advanced the cause of service unification and was instrumental in the post-war transformation of the military establishment.

Dwight D. Eisenhower spent almost his entire lifetime serving his country. After attending West Point, he began a celebrated military career highlighted by becoming supreme commander of the European Allied forces during World War II, and a five star general. Following the war, his popularity soared. He commanded NATO forces before being easily elected as America's 34th president. During his eight-year presidency, Eisenhower became the first American president to send U.S. troops into Vietnam as advisers, began the space race, and dealt with ever-increasing civil rights issues. Through it all, Eisenhower's reputation for being patriotic and trustworthy ensured that he would be remembered as one of history's

most popular leaders.

Presents a biography of Dwight D. Eisenhower

A New York Times bestseller, this is the “outstanding” (The Atlantic), insightful, and authoritative account of Dwight Eisenhower’s presidency. Drawing on newly declassified documents and thousands of pages of unpublished material, The Age of Eisenhower tells the story of a masterful president guiding the nation through the great crises of the 1950s, from McCarthyism and the Korean War through civil rights turmoil and Cold War conflicts. This is a portrait of a skilled leader who, despite his conservative inclinations, found a middle path through the bitter partisanship of his era. At home, Eisenhower affirmed the central elements of the New Deal, such as Social Security; fought the demagoguery of Senator Joseph McCarthy; and advanced the agenda of civil rights for African-Americans. Abroad, he ended the Korean War and avoided a new quagmire in Vietnam. Yet he also charted a significant expansion of America’s missile technology and deployed a vast array of covert operations around the world to confront the challenge of communism. As he left office, he cautioned Americans to remain alert to the dangers of a powerful military-industrial complex that could threaten their liberties. Today, presidential historians rank Eisenhower fifth on the list of great presidents, and William Hitchcock’s “rich narrative” (The Wall Street Journal) shows us why Ike’s stock has risen so high. He was a gifted leader, a decent man of humble origins who used his powers to advance the welfare of all Americans. Now more than ever, with this “complete and persuasive assessment” (Booklist, starred review), Americans have much to learn from Dwight Eisenhower.

Dwight D. Eisenhower and the Military-industrial Complex

Dwight David Eisenhower is famous as both a soldier and as a statesman. Like George Washington and Ulysses S. Grant, Eisenhower the soldier commanded large American military forces and helped win a war that threatened his nation, and then served his country as president. Dwight Eisenhower's life is also the archetypal American story of the poor boy who rises as far as his talents and abilities enable him. I like Ike"" became a campaign slogan long after it was used to express the feelings of many of the people who met him in school, worked with, or served under him. This book, Historic Photos of Dwight D. Eisenhower, chronicles Eisenhower's amazing life in nearly two hundred photographs. These images and text help explain why another president said, ""America will always be a better nation . . . because Ike was with us when America needed him."" ""

A biography of the World War II general who became the thirty-fourth president of the United States in 1952.

The man who would become the most powerful in the world, seated in the most powerful office the world has ever known came from simple, humble beginnings! A

mediocre student, with absolutely no battle experience, led arguably the most successful campaign in military history. While he was mediocre as a young student, he found his calling in the military, ascending to greatness as a military strategist. Becoming President of the United States was never in his dreams and yet once he decided to take on the challenge, he led the nation admirably out of the days of war into a time of peace and prosperity.

A stirring exploration of our thirty-fourth President, Dwight D. Eisenhower. From the time of his childhood in rural Kansas, Dwight D. Eisenhower's vision of himself and his country was one of confidence and hope. His hard-working parents taught him self-reliance and nothing that happened in his long career ever eroded this trait. During nearly half a century of service to his country and the world, Eisenhower displayed a deep understanding of the nation's problems, aspirations, and fears that prevailed during both war and peace. He possessed an ability to communicate with the American people in a remarkable way. They saw in him a man of sincerity and instructive good will, and they trusted him implicitly. And Eisenhower demonstrated these qualities to his countrymen again and again in full measure. "Dwight D. Eisenhower: An Associated Press Biography" features a new Introduction by retired Colonel Jack Jacobs, Medal of Honor recipient, and select photographs from the AP archives.

Young Military Leader

Dwight D. Eisenhower and the Shaping of the American Military Establishment

Presents the life story of the Supreme Commander of the Allied forces during World War II, who became America's thirty-fourth president.

Original publication and copyright date: 1970.

After a military career that established him as one of the most successful commanders ever, Dwight D. Eisenhower served two terms as president, during which the United States experienced the greatest prosperity in its history to that time. As president, Eisenhower ended the Korean War, grappled with anticommunism investigations, established NASA, defended school desegregation by protecting black students in Little Rock, Arkansas, and toured around the world to address Cold War issues. Readers will also gain insight into Eisenhower's childhood and military career, including his impressive invasions of North Africa, Italy, and France during World War II.

The diaries of the late Dwight D. Eisenhower are unique documents, in that they alone, in the mass of Ike's prose, reveal the innermost thoughts of the soldier-statesman."

The Eisenhower Diaries

Documentary History of the Dwight D. Eisenhower Presidency

365???? : ??????

Dwight D. Eisenhower was the most famous general to arise out of World War II and the one who made the greatest success as the result of the War. There can be no doubt that had Eisenhower not become famous as World War II general, he would never have been twice elected President of the United States. His unusual and non-American-type name alone would have eliminated any chance he ever had to be elected to higher office. Eisenhower is now regarded as one of the better presidents, although when he was actually in office he was regarded as one of the worst. The story here is about how Eisenhower's book "Crusade in Europe" and the US Supreme Court Case involving this book have substantially changed and affected US Copyright Laws. The relevant decision by Justice Antonin Scalia is: Dastar Corp. v. Twentieth Century Fox Film Corp., 539 US 23 (2003). There is also a US Court of Appeals

decision: Twentieth Century Fox Film Corp. v. Entertainment Distributing, 429 F.3d 869 (9th Cir. 2005). This book is a reprint of both decisions plus Exhibit A (the book), because it comes up so often in publishing or reprinting old books.

In Dwight D. Eisenhower's last speech as president, on January 17, 1961, he warned America about the "military-industrial complex," a mutual dependency between the nation's industrial base and its military structure that had developed during World War II. After the conflict ended, the nation did not abandon its wartime economy but rather the opposite. Military spending has steadily increased, giving rise to one of the key ideas that continues to shape our country's political landscape. In this book, published to coincide with the fiftieth anniversary of Eisenhower's farewell address, journalist James Ledbetter shows how the government, military contractors, and the nation's overall economy have become inseparable. Some of the effects are beneficial, such as cell phones, GPS systems, the Internet, and the Hubble Space Telescope, all of which emerged from technologies first developed for the military. But the military-industrial complex has also provoked agonizing questions. Does our massive military establishment--bigger than those of the next ten largest combined--really make us safer? How much of our perception of security threats is driven by the profit-making motives of military contractors? To what extent is our foreign policy influenced by contractors' financial interests? -- Publisher description.

Unwarranted Influence
